

Palladium Catalyzed Synthesis Of Benzofurans And Coumarins Using Phenol Or Substituted Phenols

Abstract

**Palladium Catalyzed Synthesis of Benzofurans and Coumarins
from Phenols and Olefins**

The invention relates to a palladium catalyzed method for the synthesis of benzofurans using phenol or substituted phenol and olefins and a palladium catalyzed method for the synthesis of coumarins using phenol or substituted phenol and methyl acrylate.

Patent application No. 2012/MUM/2013
