PARTNER WITH US
FEBRUARY 2018

INDIAN INSTITUTE OF TECHNOLOGY BOMBAY

INDUSTRY
Benefits of Partnership

- Sponsor Laboratories, Students
- Solve Specific Problems
- Train Industry Personnel
- Carry Out Industry Relevant Research
- Form Consortia
- Deploy IIT Bombay IPs
- Support Basic Research for Knowledge Creation
- Visits of Scientists and Engineers
- High-Tech Spinoffs
- Human Resource Development
Director’s Message

IIT Bombay engages in research, technology development, education, training and related activities in most areas of science and technology. Today, it is a centre of academic excellence in the country and is rated on par with some of the best institutions in the world.

IIT Bombay has 27 academic units encompassing a range of disciplines that include traditional science and engineering, management, humanities, social sciences and design. The Institute has consciously nurtured interdisciplinary areas such as industrial engineering and operation research, systems and control engineering, urban science and engineering, education technology and climate studies. Institute’s current student population is just over 10,000; of these, 60% are enrolled in post-graduate programs and provide a strong impetus to research activities. This is visible in various metrics of R&D such as number of publications, patents and funding.

IIT Bombay is mindful of the needs of society and country at large, and develops technologies / products that improve the quality of life for both urban and rural population. The Tata Centre for Technology and Design (TCTD) and Centre for Technology Alternatives for Rural Areas (CTARA) have made significant progress in developing technologies that cater to the needs of people at the bottom of the pyramid.

IIT Bombay has a thriving entrepreneurship ecosystem thanks to its very successful technology business incubator, SINE. The Entrepreneurship Cell and Desai Sethi Centre for Entrepreneurship are other entities that provide further support. The Institute has reaped rich dividends by promoting on-campus entrepreneurs and start-ups. Some of these start-ups have graduated and become role models in their respective domains.

IIT Bombay has ongoing interactions with a large number of industries and public sector organisations through a variety of modes that include providing solutions to specific problems through short term consultancy projects, medium to long term sponsored research projects, endowments, student sponsorship, etc. Continuing Education Program is another useful platform of academia-industry collaboration whereby IIT Bombay designs and imparts customised training programs to industry personnel based on their requirements. The Institute is committed to partnering with Industry in its endeavour to promote research that makes a difference.

Prof. Devang Khakhar
Facilitates establishment of an innovation hub inside IIT Bombay through industry-academia collaboration
Joint IIT Bombay - Industry Research & Development groups for stronger impact
Assists working professionals in widening their knowledge base and improving their skills
Single point contact for all courses and industry specific programs
SINE is the technology business incubator at IIT Bombay
A platform to support technology start-ups founded by IIT Bombay community or are based on IIT Bombay technologies
Dean (Alumni and Corporate Relations)
Promote and strengthen engagement with the Alumni and Corporations
Manage utilisation and enhancement of the Institute’s endowments and gifts from well-wishers

dean.acr.office@iitb.ac.in
Tel: +91 22 2576 7023
www.iitb.ac.in/alumni/en

IIT Bombay Development & Relations Foundation (IITB-DRF)
Foster lifelong relationship with alumni, friends and organisations that results in goodwill and philanthropic engagement

cdo@iitb.ac.in
Tel: +91 22 2576 4881
www.iitbdrf.org

Dean (Research and Development)
Create and maintain an environment, including research infrastructure and support staff for R&D
Facilitate collaboration, both within and outside the Institute
Liaise with funding agencies and industry, provide support for MoUs and agreements
Exploit IIT Bombay R&D through licensing and commercialisation
Provide administrative support for R&D

dean.rnd.office@iitb.ac.in
Tel: +91 22 2576 7039
www.ircc.iitb.ac.in

Dean (Academic Programs)
Course curriculum, academic programs
Student sponsorships and fellowships

dean.ap.office@iitb.ac.in
Tel: +91 22 2576 7049
www.iitb.ac.in/acad

IIT Bombay Placement Office
Responsible for campus placement, student internships at IIT Bombay
Excellent infrastructure and student volunteer teams to coordinate activities

placementcell@iitb.ac.in
Tel: +91 22 22576 7092
www.placements.iitb.ac.in
**R&D Projects at IIT Bombay**

Industrial Research and Consultancy Centre (IRCC) at the office of the Dean (R&D) is the nodal unit responsible for managing and coordinating all activities related to research and development at the Institute. It has streamlined processes for financial, manpower and intellectual property management. IRCC has also initiated many schemes for incentivising and supporting researchers. It facilitates interactions with various external agencies for funding and licensing activities.

**Consultancy Projects**
- Short term projects to solve specific problems of industry
- Scope of work and deliverables are well defined

**Sponsored R&D Projects**
- Long term projects for new knowledge generation in current, emerging and futuristic areas
- Deliverables may include IP generation, manpower development and publications
Some examples of collaborative research

| Smart infrastructure                  | Synthetic chemistry       |
| Renewable energy systems              | Data analytics             |
| Power system analysis                 | Corrosion studies          |
| Biomedical devices                    | Cloud communications       |
| Environmental impact assessment       | Internet of things         |
| Modeling and simulation               | Rural technology           |
| Structural characterisation           | Photovoltaics              |
| Energy storage device                 | Information and communication technology |
| Structural reliability                | Artificial Intelligence    |
| Steel technology                      | Sensors                    |
| Bio-systems engineering               | Remote sensing and GIS     |
| Communication network                 | Signal processing          |
| Computer Aided Design & Manufacturing | Machining and machine tool design |
| Device and circuit performance        | Air Conditioning and Refrigeration |
| Polymers                               | Catalysis                  |
| Semiconductors                        | Nanotechnology             |
| Materials                              | Ergonomics                 |
| Financial engineering                 | Project management         |
Sponsored Research Laboratories at IIT Bombay

A research facility / laboratory sponsored by an industry in an area of interest, helping build the infrastructure at IIT Bombay.

Such facilities and laboratories will be shared with the sponsoring industry and may also be open to others on a case-to-case basis.

1. Forbes Marshall Energy Efficient Lab — a resource centre to enable implementation of industrial energy efficiency and collaborative research

2. Cummins Engine Research Facility — Integration of new engine and renewable fuels technologies

3. Applied Materials Manufacturing Laboratory to promote research in nanoelectronics, nano-manufacturing and solar photovoltaic technology

4. Parimal and Pramod Chaudhari Laboratory for cell culture funded by Praj Industries, Pune for drug discovery, nanotechnology and microfluidics applications

5. SrijaTI - TI Innovation Laboratory for academic and research in analog IC applications, power management and embedded systems
Models for IP commercialisation at IIT Bombay

Collaborative development and licensing

- Joint ownership of IP
- First option for exclusive licensing
- IP ownership to industry on mutually agreed terms

Licensing of IP generated in the Institute

- IP generated through academic / unrestricted sponsored research
- Exclusive or non-exclusive license (preferred) offered to interested Industries

Incubation / Entrepreneurship

- Through Society for Innovation and Entrepreneurship (SINE), the technology business incubator of IIT Bombay
- IIT Bombay IP taken up in the start-up companies, promoted by faculty, students and alumni
- IP licensed to incubatee companies
Consortia and Centres of Excellence at IIT Bombay

Centre of Excellence in Steel Technology (COEST)
For R&D in steel technology and creation of high quality manpower for the industry
Funded by Ministry of Steel, GoI

Centre of Excellence in Nanotechnology (CEN)
To design, fabricate, characterise traditional CMOS Nano-electronics, novel material based devices, micro-mechanical systems, Bio-MEMS, etc.
Funded by Ministry of Communication and Information Technology, GoI

Centre of Excellence in Nanotechnology (CEN)
To design, fabricate, characterise traditional CMOS Nano-electronics, novel material based devices, micro-mechanical systems, Bio-MEMS, etc.
Funded by Ministry of Communication and Information Technology, GoI

National Centre of Excellence in Steel Technology (COEST)
For R&D in steel technology and creation of high quality manpower for the industry
Funded by Ministry of Steel, GoI

National Centre of Excellence in Nanotechnology (CEN)
To design, fabricate, characterise traditional CMOS Nano-electronics, novel material based devices, micro-mechanical systems, Bio-MEMS, etc.
Funded by Ministry of Communication and Information Technology, GoI

National Centre for Aerospace Innovation and Research (NCAIR)
Aims to provide economically viable, sustainable solutions to Indian aerospace manufacturers
Founding members DST, IITB, Boeing, HAL, NAL

National Centre of Excellence in Steel Technology (COEST)
For R&D in steel technology and creation of high quality manpower for the industry
Funded by Ministry of Steel, GoI

Centre of Excellence in Nanotechnology (CEN)
To design, fabricate, characterise traditional CMOS Nano-electronics, novel material based devices, micro-mechanical systems, Bio-MEMS, etc.
Funded by Ministry of Communication and Information Technology, GoI

National Centre for Aerospace Innovation and Research (NCAIR)
Aims to provide economically viable, sustainable solutions to Indian aerospace manufacturers
Founding members DST, IITB, Boeing, HAL, NAL

Solar Energy Research Institute for India and the United States (SERIIUS)
To accelerate development of solar electric technologies
Identify and quantify the critical technical, economic and policy issues for solar energy development and deployment in India

National Centre for Photovoltaic Research and Education (NCPRE)
Provides R&D and educational support for India’s ambitious 100GW solar mission
Funded by Ministry of New & Renewable Energy, GoI

National Centre of Excellence in Technology for Internal Security (NCETIS)
Takes up activities towards developing indigenous technology and self-sufficiency in the areas of Electronics Systems Design and Engineering for the strategic sector of internal security

National Centre of Excellence in Steel Technology (COEST)
For R&D in steel technology and creation of high quality manpower for the industry
Funded by Ministry of Steel, GoI

Centre of Excellence in Nanotechnology (CEN)
To design, fabricate, characterise traditional CMOS Nano-electronics, novel material based devices, micro-mechanical systems, Bio-MEMS, etc.
Funded by Ministry of Communication and Information Technology, GoI

National Centre for Aerospace Innovation and Research (NCAIR)
Aims to provide economically viable, sustainable solutions to Indian aerospace manufacturers
Founding members DST, IITB, Boeing, HAL, NAL

Solar Energy Research Institute for India and the United States (SERIIUS)
To accelerate development of solar electric technologies
Identify and quantify the critical technical, economic and policy issues for solar energy development and deployment in India

National Centre for Photovoltaic Research and Education (NCPRE)
Provides R&D and educational support for India’s ambitious 100GW solar mission
Funded by Ministry of New & Renewable Energy, GoI

National Centre of Excellence in Technology for Internal Security (NCETIS)
Takes up activities towards developing indigenous technology and self-sufficiency in the areas of Electronics Systems Design and Engineering for the strategic sector of internal security
Biomedical Engineering and Technology (Incubation) Centre BETiC
Integrated facilities for design, analysis, prototyping and testing of medical devices
Funded by DST & Govt of Maharashtra

TTSL IITB Centre of Excellence in Telecommunication (TICET)
Capacity building, design and fabrication, advisory support to industry
Joint initiative of IITB, Tata Teleservices, Dept of Telecommunication, GoI

Tata Centre for Technology and Design (TCTD)
Aims to develop solutions to challenges faced by resource constrained communities
Supported by Tata Trusts

Shenoy Innovation Studio
To create a paradigm shift in design, conducts industry workshops and facilitates in-house innovation

Parimal & Pramod Chaudhari Centre for Learning & Teaching
To facilitate and support pedagogy by promoting innovation, evidence-based practices and collaboration

Focus Incubation Centre in Technical Textiles (FICTT)
Initiative funded by Ministry of Textiles, GoI to serve as a translational platform
To work towards disruptive innovation in the field of technical textiles

Industry – Academia Partnership at IIT Bombay
- Partner with IITB through consortia for mutual benefit of all stakeholders
- Enables pooling resources for research in emerging areas
- Industry - Academia - Government consortia also possible

Few examples:
- Industry partnership in aerospace innovation and research through NCAIR
- Industry affiliate program in the area of photovoltaics through NCPRE
- Corporate affiliate program for research and technology development in bioengineering through Wadhwani Research Center for Bioengineering (WRCB)
- Partnership between academia, hospitals and Industries in the healthcare domain through Healthcare Research Consortium
- Membership for R&D collaboration at CoEST in the area of steel technology
- IITB, TCS and TCE consortia to offer software services for the power sector, to realise sectorial and organisational efficiencies
Academic Disciplines at IIT Bombay

**Engineering**
Mechanical, Civil, Electrical, Computer science, Aerospace, Metallurgy and materials science, Chemical

**Education Technology**
Research and education in the area of technologies to promote the learning-teaching process

**Pure Sciences & Mathematics**
Chemistry, Physics, Mathematics, Applied statistics, Biosciences

**Nanotechnology & Biomedical engineering**

**Systems and Control**
Nonlinear control, robotics, embedded systems, coordination of autonomous vehicles, combinatorics, modelling and optimization of stochastic processes

**Industrial Engineering and Operations Research (IEOR)**
A blend of theory, modelling and application, draws from traditional as well as modern areas of operations research, together with a systems view derived from long-standing principles of industrial engineering

**Design**
Industrial design, Visual communication, Animation, Interaction design, Mobility and vehicle design

**Policy studies**
Climate studies
Fundamental understanding and problem-centred analysis of climate change

Geology & Geophysics

Entrepreneurship
Imparts a structured training to aspiring student entrepreneurs

Energy

Urban Engineering
Research, teaching and skilled manpower development with the primary mandate of improving urban quality of life

Environmental Science

Geoinformatics and Natural Resources Engineering

Management

Humanities and Social Sciences; Economics

Rural Technology
Perspectives, policies, and practices pertaining to technology, development, and the interrelationship between the two in the rural context
Research Infrastructure at IIT Bombay

The institute provides high end infrastructure facilities and laboratories to support research activities. These facilities are open to external agencies as well.
High Resolution Liquid Chromatography

Surface Plasmon Resonance

Multi Frequency Electron Paramagnetic Resonance Spectroscopy

Scanning Probe Microscopy Facility

Microarrayer

Cryo High Resolution Transmission

Field Emission Gun Based TEM

Confocal Microscope Facility

Nuclear Magnetic Resonance

Protein Crystallography

MALDI-TOF

SQUID Vibrating Sample Magnetometer
Exchange Visits

IIT Bombay faculty at Industry
Sabbatical like visit
- May, June, December
- Primarily for ice breaking:
  » Interact with R&D staff
  » Seminar / lecture
  » Site tour
- Not for consultancy

Other types of visits
- Any time of the year
- Customise
  » Frequency of visit
  » Duration of visit
  » Scope of work

Industry personnel at IIT Bombay
- Frequency / duration flexible
- NDA prior to visit
- Industry responsibility
  » Health / accident insurance
  » Salary / remuneration
  » Accommodation / transport

Industry Scientists & Engineers

IIT Bombay Faculty & Students

Student Internship
- Credit based internship
  » In a core industry
  » Faculty mentor from IIT Bombay
- Non-credit based

IIT Bombay students on a visit to United Phosphorous Ltd.
Industry Sponsorships and Fellowships at IIT Bombay

**Sponsored PhD and Masters Program**
- Objective is to jointly promote research and manpower development
- Industry can sponsor students to work in an area of its interest
- Sponsorship includes monthly stipend (amount not less than that given by Government of India funding agencies) and a contingency grant
- Industry may define project scope
- Flexible IP norms

**Prime Minister Fellowship**
- Scholarship from GoI as per norms
- Additional matching amount from partnering industry
- Duration of the Fellowship is four years
- Up to 100 new Fellowships are provided every year

**2+1 Year MTech model:**

<table>
<thead>
<tr>
<th>Year 1</th>
<th>Course Work</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 2</td>
<td>MTech project working on a research problem identified by Industry; Student will graduate with MTech degree</td>
</tr>
<tr>
<td>Year 3</td>
<td>Continue to complete project work at IITB or field</td>
</tr>
</tbody>
</table>

**Industry Sponsorship / Fellowship**

<table>
<thead>
<tr>
<th>Program</th>
<th>Duration</th>
<th>Amount (in ₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Post-Doctoral Fellow</td>
<td>Variable</td>
<td>55,000 – 85,000 per month (+ HRA as applicable)</td>
</tr>
<tr>
<td>PhD</td>
<td>5 years</td>
<td>23,00,000 + HRA as applicable (as per Visvesvaraya PhD Scheme)</td>
</tr>
<tr>
<td>MTech (2+1 Year Model)</td>
<td>2 years (Year 2 &amp; 3)</td>
<td>13,00,000 (higher funding for Year 3 due to out of campus expenses)</td>
</tr>
<tr>
<td>Masters</td>
<td>2 years</td>
<td>7,00,000</td>
</tr>
</tbody>
</table>

**Industry Sponsored Chair Professorship**

- Kamlnayan Bajaj Chair
- D. L. Shah Chair
- HAL R&D Chair
- Praj Industries Chair
- Shailesh Mehta Chair
- Bajaj Group Chair
- Forbes Marshall Chair
- L&T Chair
- Romesh Wadhwani Chair
- TATA Chair
IIT Bombay at a Glance

Academic units: 27
Research centres: 23
Full time faculty: ~630
Adjunct & visiting faculty: ~50
Students: ~10,100 (3000 PhD)
Postdoctoral fellows: ~130
Project staff (Research): ~1400
Total R&D receipts for FY 2016-17: ~₹ 390 Cr
Patents, trademarks, copyright applications filed in 2017: 111
Technology transfers / deployment so far: ~150
Total degrees awarded in 2017: 2612
PhD degrees awarded in 2017: 357
Master degrees awarded in 2017: 1398
Bachelor degrees awarded in 2017: 857
Research publications since inception: ~26,000
Research publications in 2016: 1982
Citations for publications since inception: ~3,00,000
Companies incubated since inception of SINE: ~117

No. of industries currently collaborating with IIT Bombay: 490
No. of ongoing industry projects: 720
