**Aim:** World Fun is an activity for a certain group of people (a group of children of same age or a group of adults) to be completed in a certain period of time so that the activity is enjoyed by every player with equal amount of fair play. In this game a globe itself acts as a dice and its rotation by players keeps luck factor in the game.

**Game Play: World fun. (game 1) 'My region':** There are six continents, with four countries chosen from each continent; there is a bank with 100 gold coins. A globe is there with a magnifying lens attached to the ring of the globe. In the start each player gets equal number of cards from the shuffled deck of country card and also 10 gold coins each. The goal is to make a complete continent-country set by rotating the globe for the desired card- country. Whoever makes a set fastest is the winner.

**Higher level.(Game 2) 'Stop the attack':** Players get 4 country card as well as monument cards equally randomly distributed among themselves. There is an unknown (taken out by a player with face down) country as well as an unknown monument card taken from the deck of cards. One player starts the game by trying to complete a set of continent –country or continent-monument card. Goal is to find the correct country and the correct monument card.
